## PASSENGERS WILL RIDE WM HERE AGAIN

Western Maryland rails through Adams County will clock to the no longer familiar sound of passenger coach wheels Sunday when a special train operated under the sponsorship of the Washington, D. C., Chapter, National Railway Historical Society, passes over the Gettysburg branch.

The "varnish" extra will leave Washington at 8 a.m. via the Baltimore and Ohio Railroad, will leave Baltimore at 9:10 and will travel over the WM branch line through Hanover, arriving in Gettysburg at 11:30 a.m.

A one and a half hour stop-over in Gettysburg is scheduled with an optional bus trip over the battlefield made available. L. P. Winemore, chairman of the publicity committee of the chapter, reported that more than 400 tickets have been sold so far for the trip. "We are expecting a crowd of between 500 and 600," he said.

### Typical Rail Tour

The trip is typical of those sponsored by various chapters of the NRHS and other railroad enthusiasts' groups. Following the frequent pattern for such trips, the Gettysburg Branch special will travel over routes which are no longer used for regular passenger service.

The ride over the Gettysburg Branch, the "Dutch" line, of the WM is one of the features of the trip since it is considered one of the most scenic rail lines in eastern U. S.

The Blue Ridge mountains will be crossed twice, using different routes. Westbound, the Hanover-Gettysburg line will be used; eastbound the train will operate over the Thurmont-Westminster line. A picture stop is to be made at Pen-Mar. The train is scheduled to arrive at Hagerstown at 2:50 p.m. and leave there at 3:50. Arrivals in Baltimore and Washington will be at 6:30 and 7:45 respectively. At Baltimore, passengers will board and leave the train at the Walkbrook Station of the Western Maryland Railway, North Ave.

## IKE WANTS U. S. TO JOIN BANK

WASHINGTON (AP)—President Eisenhower asked Congress today to approve U.S. participation in establishment of an inter-American development bank.

For the United States to join, Eisenhower said "will be a most significant step in the history of our economic relations with our Latin-American neighbors."

Establishment of the billion-dollar bank was recommended by representatives of the 21 American republics after a three-month conference here starting last Jan. 8. The participating nations would provide the capital.

The United States would invest 450 million dollars. The Latin-American republics would put up the rest.

The President said he is strongly of the opinion the United States should support creation of the bank because of this country's special relationship with Latin America, and because of "the pressing economic and social problems in the area."

### "WHAT IS THE REASON?"

What's happening to mankind... why so much hate and greed... each strives to beat the other... when love is the great need... where are the smiles of friendship... what has become of trust... horizons now are clouded... with double-talkers' dust... why all the hurry scurry... for fear of being late... we are but slaves to fate... oftentimes we lose an issue... although we may be right... seems as though the whole wide world... is eager for a fight... what, then, could be the reason... roads are so rough to tread... mankind ignores the way to peace... because he forgets God.

tions are separated by a third small table for the conference secretariat.

Asst. U.S. Secretary of State Andrew H. Berding held up a diagram of the seating arrangement for reporters to see.

Asked if the West had made any concession to the Russians, Berding said: "We haven't given way on anything."

### Meet Western Objections

Western spokesmen said the separate tables idea met the original Western objections to having the meeting at a round table. The West had feared that if only a round table was used the Russians would try to squeeze in first at the East Germans and later the Poles and Czechoslovaks as full participants.

Under the agreed upon formula the Germans are advisers and not full participants as demanded by the Russians.

If either the East or West German representative desires to speak, the conference chairman will ask if any of the Big Four foreign ministers has any objections. If there are none, the floor will be given to the Germans.

Mrs. Anna Mae (Kugler) Althoff, Fairfield R. 2, is one of two teachers who were honored recently at a banquet given by the Waynesboro Area School Teachers Association in the Hooverville school cafeteria.

She and Miss Grace Hess, Waynesboro, plan to retire at the end of the present school term. Together they have records of about 74 years of teaching. Mrs. Althoff has been a teacher for 32 years, 20 of them in Adams County where she taught in Liberty, Freedom, Hamilton and Hamilton Twp. schools. She taught one year in Washington Twp. (Franklin County) and 11 years in the Waynesboro area. She is now teaching fifth grade at Hooverville.

Mrs. Althoff received a wrist watch and certificate which were presented by Marby C. Little, Waynesboro school superintendent who was formerly assistant county superintendent in Adams County. Miss Hess received a pair of figurines and a certificate of appreciation.

## Girl Scout News

Brownie Troop 57 met at Christ Lutheran Church Friday afternoon. Eighteen were present. After a brief meeting the group went to the farm of Mr. and Mrs. Raymond H. Powell, R. 1, to gather tulips they planted last fall which they presented to the guests at the Cruise Rest Home, Hanover St.

Two of the Brownies celebrated their 10th birthday, Barbara Buleit, daughter of Mrs. William A. Bigham, R. 2, and Barbara Collins, daughter of Mrs. L. William Collins, R. 1. Decorated birthday cakes and ice cream were provided by their parents, punch and cookies by Mrs. Powell. Games were played and reservation blanks for day camp were given to the Brownies. Transportation was furnished by Mrs. Rex Maddox. Mrs. William Bigham and Mrs. Monroe J. Dillinger were leaders of the group.

## ONE HUNDRED YEARS AGO

The "Old Court-house" is down  
to the basement, and nothing  
meets the eye but large piles of  
brick and rubbish — The pros-  
pect now presents rather an odd  
appearance to us who have been  
looking upon it all our lives. The  
plastering is completed in the  
new house, and the public offices  
expect to remove in a few weeks.Accidents: On Friday last, a  
young man named Peters, in the  
employ of Sheeds, Buehler &  
Kurtz, was seriously injured by  
being thrown from the wagon by  
the viciousness of the animal he  
was driving. One of the bones of  
his jaw were broken and he re-  
ceived other very severe cuts and  
bruises.On the same day Mr. Jacob  
Brinkerhoff was struck in the leg  
by a horse which he was driving,  
and an artery severed, causing  
considerable loss of blood. He  
did not receive much injury  
otherwise.At the last Court, A. H. Dill,  
Esq., on motion of William B.  
McClellan, Esq., admitted to  
practice in the several Courts of  
this County. He has opened an  
office between the Stores of the  
Messrs. Fahnestock and Danner  
& Ziegler. He appears to be a  
young man of worth and we hope  
he may meet with success in his  
profession.An earnest effort is being made  
for the permanent endowment of  
Pennsylvania College, at this  
place. One hundred thousand dol-  
lars is required for the purpose.  
C. A. Morris, Esq., of York, has  
subscribed \$1,000 to the fund.William McSherry, Esq., has re-  
signed the office of President of  
the Littlestown Railroad and  
Joseph Fink, Esq., has been  
chosen his successor. We are  
gratified to learn that the busi-  
ness of the Road has thus far  
exceeded expectation, and is  
regularly increasing.The new Locomotive "Gettys-  
burg," intended for our Road,  
which is in progress at the ex-  
tensive Factory of Messrs. Bal-  
dwin & Co., Philadelphia, will be  
ready for running, it is thought,  
by the last of this week. It is put  
up with great care and will give  
satisfaction.The citizens of Littlestown and  
vicinity are now earnestly en-  
gaged in arrangements for a  
Public Cemetery here. — Meet-  
ings have been held and com-  
mittees appointed to take the pre-  
liminary steps. — On Saturday  
next, at 2 o'clock there will be  
another meeting at Mr. Barker's  
hotel, to receive the reports of the  
committees — when it is  
thought the interesting work will  
be at once commenced.SEVENTY-FIVE YEARS AGO

sold his coach shops in New Ox-  
ford to A. Jameson for \$1,650.

## Today's Talk

## LEAVE TROUBLE ALONE

Anyone will welcome our cheer  
and good will but no one wants  
our troubles. You see, people  
with troubles have enough to do  
in handling their own. They want  
none of others' troubles. We  
ought to bear this in mind and  
leave everybody's troubles alone.  
They are better suited to handle  
their own.It is even better to leave the  
troubles of other nations alone.  
We have plenty of our own, and  
we understand them better than  
any other nation. We, in America,  
want all nations and peoples to  
be happy and we want them to  
handle their own troubles. We  
know our own and why we have  
them, but we want to solve them  
in our own way.It's the way with an individual.  
It is difficult for even a friend  
to understand our own personal  
troubles. All can be solved hap-  
pily if we have the desire to do so.  
Our good will, however encircles  
the world!Plan to leave all trouble alone.  
In time it solves itself, because  
no one wants it, so, sooner or  
later the troubles melt away, and  
we live, not only another day,  
but many, and all is well. Troubles  
are our own possession, not the  
inheritance of someone else.  
Leave trouble alone and it will  
hunt out its own solution!We need to become understand-  
ing individuals. If we do hori-  
zons of hope will take their place  
on our own door step. It will be  
like a happy sunrise in the morn-  
ing. And, like all things in life,  
we shall have become the master  
of our own fate. We shall then  
become our own judge.Tomorrow Mr. Adams will talk  
on the subject: "Work Through"

## Just Folks

NO CRITIC  
I've never painted pictures, but  
were I an artist, I should be  
Content if I could paint as well  
As those whose works today  
we see.  
It's not for me to criticize,  
To look for flaws that I may  
tell;  
I'm satisfied to view the work  
And wish that I could do as  
well.I've never written novels, but  
were I a writer, I should be  
Content, I think, if I could write  
As well as some whose works  
we see.  
How do I know, when I declare  
This book does not deserve to  
sell;  
For had it been my lot to write  
It, I could not have done as  
well.Nor do I sneer at public men  
Who strive to do their best,  
because  
They fail at times and in their  
work  
Appear innumerable flaws.  
I simply wonder, had it been  
My lot to serve where some  
one fell,  
Contenting with the self-same  
things,  
Could I have done the work  
as well?

## KILLED IN CRASH

STATE COLLEGE, Pa. (AP) —  
Thomas J. Fullen, 26, of Philadel-  
phia, was killed Sunday when his  
auto missed a turn and struck a  
tree just east of here. The senior  
at Penn State University was rid-  
ing alone.BRAVES TAKE  
LEAD SUNDAY  
ON 2 VICTORIESBy JACK HAND  
Associated Press Sports WriterThe Milwaukee Braves are rid-  
ing high again with Hank Aaron  
and Eddie Mathews cutting a  
wide path through the National  
League.Aaron's .485 average is the best  
in the majors and his 49 hits are  
high for both leagues. Mathews  
tops the big show with 11 home  
runs and 27 runs scored.Their explosive punch is the  
main reason for Milwaukee's first  
place status. The Braves resumed  
the lead Sunday by taking a pair  
from Cincinnati.The Braves scored seven runs  
in the eighth, after Don New-  
combe left, in the 12-4 opener in  
which Mathews hit No. 11 and a  
pair of singles.Breaks Up Game  
Aaron broke up the 2-1 second  
game with a tie-snapping single  
in the ninth. It was his fifth hit  
of a busy afternoon.The Dodgers captured second  
place for a 3-2 victory over  
San Francisco, made possible by  
Clem Labine's second game-sav-  
ing relief job in two days. Labine  
turned in two scoreless innings,  
preserving Johnny Podres' fourth  
victory.The Phillies and Pirates ran  
afoul of that Sunday curfew rule  
in Pittsburgh. After the Phils  
handed Bob Friend his sixth  
straight defeat 6-3 in the opener,  
the Pirates had opened up a 6-4  
lead on Smoky Burgess' hitting  
when curfew sounded. They were  
in the last of the eighth, so the  
game must be completed July 21  
before it goes into the standings.The Cardinals finally won a  
series, splitting two with Chi-  
cago for a 3-2 edge in a five-  
game series. Although Bob-  
by Thomson hit two homers and  
drove in six runs, it took an 11th  
inning homer by Earl Averill to  
give the Cubs a 10-9 edge in the  
opener. Gino Cimoli, who had a  
big hitting day, teamed up with  
Curt Flood in some ninth inning  
heroics to give St. Louis the sec-  
ond, 8-7.

## Two Dodger Homers

Milwaukee had lost the first two  
games of the series to the Reds  
but dropped the visitors into third  
place by taking the doubleheader.  
Bob Rush won the first from  
Newk with help from Don Mc-  
Mahon, and Carl Willey out-  
pitched Joe Nuxhall in a fine duel.  
Rip Repulski and Charlie Neal  
homered for the Dodgers and  
Felipe Alou for the Giants before  
a San Francisco sellout of 22,641.  
Alou's homer following a tower-  
ing double by Willie Mays in the  
eighth prompted Manager Walter  
Alton to bring in Labine.In that suspended game at  
Pittsburgh, Burgess had driven in  
four runs with a three-run pinch  
homer and a double when cur-  
few intervened. The opener was  
delayed for 15 minutes at the start  
and was held up again for 55  
minutes by rain.There was an oddity in the St.  
Louis-Chicago doubleheader. Lin-  
dy McDaniel of the Cards lost  
the first and won the second, both  
on relief. It was the same story  
for Chicago's Elmer Singleton  
who came from the bullpen to  
win the first and then lost the  
second.Two Streamliners  
Collide On GradeSAN LUIS OBISPO, Calif. (AP) —  
Two Southern Pacific stream-  
liners collided on a grade in the  
Santa Lucia Mountains Sunday,  
derailing four diesel units and  
three cars and injuring four per-  
sons.The main line between San  
Francisco and Los Angeles was  
out of service for 15 hours. Trains  
went back into service both ways  
on temporary tracks.The northbound and southbound  
Lark streamliners carrying 235  
passengers and crewmen were  
traveling at reduced speed at 2:53  
a.m. when they came together.  
The northbound train pulled out of  
a siding and raked the south-  
bound train's last three Pullmans.Report No Change  
In Dulles ConditionWASHINGTON (AP) — No change  
was reported today in the con-  
dition of John Foster Dulles, weak-  
ened by pneumonia in his fight  
against cancer.The former secretary of state's  
sister, Eleanor Dulles, returned to  
Washington Sunday night because  
she felt "I should be nearer home  
at this time." Miss Dulles had  
been in Berlin representing the  
State Department at the 10th an-  
niversary of the lifting of the  
Berlin blockade.The State Department said Sat-  
urday that Dulles had developed  
a mild case of pneumonia, but his  
temperature had returned to nor-  
mal after treatment.Use chicken livers the next time

148 BATTLESBy WILL GRIMSLEY  
Associated Press Sports WriterNEW YORK (AP) — Yogi Berra  
has quit keeping count of all his  
baseball records but he's pretty  
fond of his newest one — 148  
straight games behind the plate  
without an error."All my other records have had  
to do with batting," the squat,  
hunch-shouldered catcher of the  
New York Yankees said today.  
"This one is in fielding. It shows  
I'm not such a clumsy ox, after  
all."Yogi recalled that when he first  
came to the Yankees in 1946 his  
bosses cringed when he put on  
the pads to catch.

## "Raw And Rough"

"I must have been pretty raw  
and rough around the edges," he  
said. "Bill Dickey worked hard  
with me. If I've learned anything  
as a catcher Bill deserves most  
of the credit."Berra caught both ends of a  
doubleheader against Washington,  
swept by the Yankees 6-3 and 3-2,  
the latter in 10 innings. He sur-  
passed the old mark of 147 error-  
less games set by an ex-Yankee,  
Buddy Rosar, with the Phila-  
delphia Athletics from 1945 to  
1947.Yogi's current mark started in  
1957 and covers 970 chances. He  
doesn't recall the last error he  
made.  
"All I know is I'll be 34 years  
old Tuesday and I feel great," he  
said. "I figure I have at least two  
more years in my system, maybe  
more. I have to take it from year  
to year, depending on how I feel.  
Now I've never felt better."He has a good-sized list of re-  
cords, most of them in the World  
Series. He has hit more home  
runs than any major league  
catcher—285. In the World Series  
he has surpassed famed old Yan-  
kees like Babe Ruth and Joe Di-  
Maggio in several categories.

## Yankees Take Pair

The New York Yankees proved  
they are not quite ready for burial  
by taking a pair from Washing-  
ton 6-3 and 3-2, the second in 10  
innings.The Boston Red Sox also did  
their bit to tighten up the Amer-  
ican League race, grabbing two  
from high-flying Baltimore 3-2 in  
10 innings and 5-1. Don Buddin's  
first home run won the opener

strongest point — pitching — is  
turning out to be one of their  
weakest.Bob Friend, a 22-game winner  
last season, went down to his  
sixth defeat without a victory Sun-  
day as the Philadelphia Phillies  
won 6-3 in the opener of a double-  
header.And George Witt, who helped  
the Pirates to a second-place fin-  
ish last year with a 9-2 record,  
has been placed on the disabled  
list because of a sore pitching  
arm.Unless Friend and Witt can re-  
gain their 1958 form it's doubtful  
if the Pirates will be able to live  
up to their pre-season rating as a  
pennant contender.The Pirates and Phillies are tied  
for sixth place in the National

Philadelphia captured the open-

Harry Anderson that accounted

## Trojans Again Win SP Track Meet; Cannons Third, Warriors Fourth

Favored Chambersburg captured but three first places but backed them up with good performances in the dashes and hurdles to cop its third straight South Penn Conference track meet championship here Saturday afternoon. The Trojans amassed 51½ points to outdistance second-place Carlisle which scored 43 5/8.

Biglerville, taking part for the first time, finished third with 37 5/8 points when the Gettysburg High Warriors performed better than expected in winding up fourth with 26 tallies. Other team scores were: 5, Waynesboro 22; 6, Shippensburg 19½; 7, Hershey 14; 8, Middletown 6½; 9, Hanover 4.

**Records Fall**  
Two new meet records were set and another tied. Mike Roche, Chambersburg, set a new record of :15.2 in the 120 high hurdles and tied the old record of :20.4 in the 180 low hurdles. Both records had been held by Kenny Keifer of Gettysburg.

The other record was set by Mike Green, Carlisle, who jumped 6-1 to take the high jump and eclipse his old mark of 5-8¾.

Gettysburg topped two first places, two going to Tommy Crist and the other to Joel Riddlemoser.

### New GHS Marks

Crist covered the 100-yard dash in 10 seconds and took the 220 in 22.5. His time in the 220 set a new Gettysburg school record which had been :23 and was set by Wayne Bucher in 1939.

Riddlemoser won the javelin with a heave of 167-5. That too was a new Warrior record. Eugene Utecht had held the school record with a toss of 164-4 in 1944.

There were four double winners. They included Crist, Roche, Green who won the shot-put in addition to the high jump, and Danny Backenstose, Hershey, who won easily in the 880 and mile.

In the 880 relay, won by Carlisle, both Gettysburg and Hanover were disqualified for passing out of their lanes.

Biglerville was unable to gain a first place but picked up enough place showings for its third-place finish.

## BROWN EYEING PRESIDENCY OR SECOND PLACE

By JACK BELL

WASHINGTON (AP) — California's Gov. Edmund G. (Pat) Brown is beginning to get some close attention as a possible 1960 Democratic vice presidential candidate.

Brown's recent indications that he is beginning to take himself seriously in this connection have proved disturbing to some of the more active aspirants for the party's presidential nomination. They would like to annex California's hefty convention vote for themselves.

If Brown can get divergent California Democratic factions behind him for a favorite son designation he will be nominally in the race for the presidential nomination himself.

As long as he can keep the California delegation behind him, it won't be able to start a swing toward some major candidate for the top prize. In such a case Brown would be in a trading position that might make him an attractive candidate for second place.

### Second In California

With Brown keeping himself in the picture, presidential aspirants John F. Kennedy of

Massachusetts, Hubert Humphrey of Minnesota and Stuart Symington of Missouri have to be content with trying to build up second choice strength for themselves in California.

Brown's possible availability for second place rests to a great extent on what happens to Kennedy. Both are Roman Catholics and no one expects the Democrats to nominate an all-Catholic ticket.

If Kennedy fails to make the grade for the top nomination, however, Brown may benefit from the spreading belief that one of his faith has a much better chance of election now than Al Smith had in 1928.

The religious issue has been explored publicly so thoroughly in the last couple of years that many Democrats now feel they would be inviting charges of bigotry if they didn't pick a Catholic on one end of their ticket.

This is where Brown comes in.

## PROFESSOR HEADS ADA

WASHINGTON (AP) — Samuel H. Beer, 47, a Harvard professor and an avowed believer in political liberalism, is the new national chairman of Americans for Democratic Action.

## Tornadoes Slash 6 States Killing 5; Heavy Damage

By THE ASSOCIATED PRESS

Rains swept wide areas of the Mid-Continent today on the heels of tornadoes which slashed through six states over the weekend, killing five persons, injuring at least 21 and causing heavy property damage.

Scores of homes were demolished, huge semitrailer trucks were tossed about like leaves and the four-building Iowa community of Fansler was wiped out in tornadoes which lashed Texas, Iowa, Oklahoma, Kansas, Missouri and Wisconsin Sunday.

Tornadoes whipped through Oklahoma both Saturday and Sunday with roars which sounded to a farm wife "like a thousand winds blowing in all directions at the same time." It was in the Oklahoma town of Frisco that a twister killed five persons and injured nine.

### Heavy Hail Storms

Heavy hail storms followed the tornadoes in a number of communities. Then came the rains. Hail the size of baseballs fell in the vicinity of Corpus Christi, Tex., and egg-size hail covered the ground near Austin.

By states, this was the tornado-drawn picture:

TEXAS—Ten tornadoes danced through Texas, injuring at least six persons and causing an estimated \$300,000 property damage. One smashed into a residential

and industrial area in northern Austin and another lashed a rural area seven miles south of the community of Hearne. It was in that rural area that the six persons were hurt.

### Hit Oklahoma Resort

OKLAHOMA — The community of Frisco, in the southeastern section of the state about 12 miles south of Ada, suffered probably the heaviest tornado damage. Five persons were killed there and nine others injured. The twisters also whipped through the resort area around the Grand Lake in Northeastern Oklahoma, causing high property damage and injuring two.

IOWA—Buildings on 14 farms were flattened, the four-building community of Fansler was wiped out, and 70 head of cattle, 5,000 young turkeys and 700 hens destroyed in the weekend tornadoes. Only one man was injured. The communities of Guthrie Center, Yale, Rippey and Bagley also suffered property damage.

### Tornado In Wisconsin

WISCONSIN — A tornado cut through sections of Green Bay and the suburbs of Preble and Ashwaubenom, injuring three persons, demolishing six homes and heavily damaging 50 others. Roofs were ripped from two paper company warehouses and four industrial buildings were demolished. High voltage wires were downed.

KANSAS AND MISSOURI—Small tornadoes causing minor property damage in Elwood, Kan., across the Missouri River from St. Joseph, Mo., and at Elmo in the northwest corner of Missouri. At St. Joseph, winds unroofed an old theater.

## Musmanno Is Backing Eagen

PITTSBURGH (AP) — State Supreme Court Justice Michael A. Musmanno says he is supporting Judge Michael J. Eagen of Lackawanna County in Eagen's bid for the Democratic nomination to the State Supreme Court in the May 19th primary election.

Judge Eagen, with the support of the state Democratic party, is campaigning against incumbent Justice Thomas McBride. McBride was appointed by former Gov. George M. Leader.

McBride is seeking both the Republican and Democratic nominations. Neither party has endorsed him. McBride served as attorney general in the Democratic administration of Gov. Leader.

"Judge Eagen far surpasses McBride," Justice Musmanno said Saturday in announcing his support for Eagen. He added that Eagen has 18 years' experience as a judge to qualify him for the seat.

edy (D-Mass). Kennedy is considered a likely contender for the Democratic presidential nomination in 1960.

The ADA supported Stevenson in both his races for the presidency in 1952 and 1956. Before the Democratic convention in 1956, however, the ADA declined to state a preference by saying either Stevenson, Averell Harriman, or Sen. Estes Kefauver would be acceptable.

Beer told a reporter he favors a liberal candidate for president. In response to a question whether Kennedy would be acceptable to him, he replied Kennedy has called himself a liberal and "I think he would be in the liberal category."

As ADA head, Beer was named to succeed Robert R. Nathan, Washington economic consultant.

A native of Bucyrus, Ohio, Beer has been a professor at Harvard University since 1943. He is a Rhodes scholar, a former writer for the Democratic National Committee, and was a reporter for the New York Post in 1936-37.

## Says State Must Get More Revenue

PITTSBURGH (AP) — Gov. Lawrence says the state must have additional revenue, or budget recommendations for Pennsylvania's needed services and programs will become meaningless.

The governor spoke Saturday night at a meeting of the Pennsylvania Assn. of Plumbing Contractors. He said all the people of the state should fully understand the need for revenues. He added:

"No governor should — and this governor will not — approve a sum total of appropriations bills which is greater than an honest estimate of income for the same period."

The sales tax increase recently passed by the Legislature, Lawrence said, would only pay off the anticipated deficit for the biennium ending this month and a little more.

### LUCKY RAT

MAYWOOD, N. J. (AP) — Maybe housewives are still afraid of mice. But not modern laboratory research girls.

The girls at the Pfizer Co. screening center for cancer drugs here have a spoiled little pet. He's a purebred white rodent of the Wistar strain — an aristocratic rat — and he gets kisses from the white-frocked ladies. His name is "Poochie" and his special treat is fried cheese.

### DOOR JAM

NEW HAVEN, Conn. (AP) — Detectives have been faced with breaking down doors in gambling raids but in a recent raid here they found it necessary to take the door with them.

The bets were written on it.

## TORNADO LEVELS HOME

STONEWALL, Okla. (AP) — Lillian Thompson looked over wreckage on the tornado-scarred hills around her home near here Sunday.

At her feet were a few dishes,

some clothing and the door of the house where she and her husband lived. The rest of the structure was scattered over the countryside.

A stray pig wandered in the Thompson farmyard. Mud-covered and weary, Mrs. Thompson talked with friends.

"I had time to get to my shelter. Then I heard it coming over," she said, referring to the tornado

bombs and injured 9 others in the community of Frisco.

"It sounded like a thousand winds blowing in all directions at the same time. I couldn't keep my lamp lit. I kept trying to keep that lamp lit but it would blow out. It isn't so bad with light, you know," she explained.

Her husband nodded. He was working in nearby Ada, Okla., when the twister hit Saturday night.

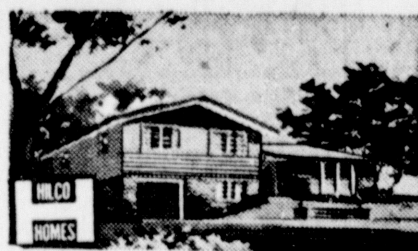

W. W. Scarbrough, a neighbor of the Thompsons, looked over on a hill a few hundred yards to the southeast. L. Tom Daniel, an old-timer in these parts, had lived there. He was dead, three members of his family hospitalized.

"I came in fast and we were running toward our shelter. The wind almost took some of us. We didn't know about the Daniel's place until later," said Scarbrough.

## Richard Edwards Continues To Give Parties For Mothers

LEHIGHTON, Pa. (AP)—"When you're giving flowers, Dick, give them while a person is still living."

Richard Edwards, now 67, and a small, dynamic package of a man, remembered that gentle advice and sublimated his grief over the loss of his mother.

The memory moved him also to give a party. For other mothers. Especially the older ones.

That was 20 years ago. Edwards has given one every year since, on the Saturday before Mother's Day.

The parties, for mothers over 70, have become among the most famous anywhere. This is partly because of their international flavor. A native of Wales, Edwards, has a soft spot for people across the Atlantic.

**Many Reunited**

Over the years he has reunited sisters, brothers and mothers and sons long separated by thousands of miles. Last year a woman living nearby saw her sister from Liverpool, England, for the first time in 30 years.

That's the annual highlight, the reunion of someone in this country with someone from abroad.

All advance arrangements are made in elaborate secrecy. The veil isn't lifted until just the right moment at the party. Then, in what always has been a dramatic climax, kinsfolks taste the joys and shocks of recognition.

Such a surprise was in store for the partying mothers—especially one of them—again Saturday.

**Entertains 400**

Edwards, a merchant, entertained 400 mothers, some of them 90 and older, in the usual place, Leighton's spacious American Legion auditorium. A festive dinner was served. Professional entertainment was on tap. Gifts and prizes were awarded.

Edward's mother died in 1934. In the next few years he shrank from thoughts of Mother's Day. What time alone could not do was accomplished by recollections of his mother's tender philosophy. He was, he said, persuaded that he was drifting into morbidity.

In 1939 he gave his first Mother's Day party with 15 guests, all over 70. Good food, music and laughter,

talking over the old days, a bouquet of spring flowers for each mother.

Everybody wanted to come back next year. Everybody insisted there had to be a next year. Now it's looked forward to as one of the gala days on the calendar.

## SAYS U. S. CAN FIND MARKETS IN SIX NATIONS

By SAM DAWSON  
AP Business News Analyst

The reference to the old American custom of trying to make the best horse deal is this: If the United States wants to hold markets or create them it has plenty of opportunities to bargain with the six nations—Belgium, France, Italy, West Germany, Holland and Luxembourg. They are embarked on a long-term project of lowering and finally eliminating all trade barriers between themselves and in erecting a common tariff on imports from the outside.

**Duty Calls Possible**

Most of the nations outside the Iron Curtain will be represented at the upcoming meeting of GATT—the General Agreement on Tariffs and Trade. This will be a large scale horse trading session aimed at further lowering of tariffs and trade restrictions through concessions by the individual nations amongst themselves.

Previous meetings have brought cuts in duties on many products. And some of the cuts have aroused pained outcries from American industrialists. They held that American import duties were being cut on products in competition with their own, thus threatening their home market. The cuts were made as concessions for lower trade barriers on American exports to other countries.

This is the sort of deal that an official of the common market expects the United States to make with the six nations. The six are all hardheaded traders.

**Long-term Aim**

Their announced long-term aim is to lower trade barriers not only between themselves but with the 11 other European nations with whom they are associated in the Organization for European Economic Cooperation and then to

LONDON (AP)—The Sultan of Johore, one of the last of the fabulously wealthy eastern potentates who never changed his loving ways, died Thursday night. Maj. Gen. Sir Ibrahim, the 85-year-old ruler of the small, rich rubber state at the tip of the Malayan peninsula, succumbed in a luxurious hotel suite in London where he was as well known and respected as in his native land.

The 6-foot-2-inch sultan was stricken with influenza two months ago and never made a full recovery. His advanced age was a major factor.

The Sultan's 65-year-old son, Tunku Mahkota (crown prince) Ismail, succeeds to the title. He was en route to London by plane when his father died.

## PHIL BERG IS EX-AGENT WHO HUNTS GOLD

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP) — The ceaseless quest for gold has sent many a filmstar figure to an early grave. But here's a different kind of man.

He's Phil Berg, who gave up being agent for the top stars to dig for treasures of ancient worlds.

Berg started here as an agent in 1924. He married film beauty Leila Hyams and by 26 had built a huge Sunset Blvd. estate now owned by oilman Ed Pauley. With Bert Allenberg, Berg handled dozens of stars and directors earning millions of dollars, of which the partners took 10 per cent.

**More Important Things**

But after he returned from wartime Navy service, Berg found

lower barriers with the nations in the dollar area and those in the sterling area not connected with OEEC.

But while working out the many problems of unifying their own countries economically, the six appear to outsiders to be chiefly, and understandably, interested in the greatest good for themselves.

The products, economies, trade and currency positions of the six vary widely. Officials of the common market are struggling with the problem of unification—moving slowly and through an almost endless series of conferences.

**Admit Problems**

The 11 OEEC members not in the common market, but heavy traders with it, are worried lest they, like the Americans, see their trade hamstrung. At the moment negotiations between the six and the 11 seem stalemated—but here, too, a spirit of horse trading appears to be building up.

At the headquarters here of the common market, officials admit the problems, internal and external, but insist that in the long run the interests of American businessmen won't be hurt.

But Americans, watching their export markets decline in many parts of the world, aren't so sure. Combined, the six nations will form an industrial unit equal in world trade terms with the United States and able to produce many goods cheaper.

something was lacking. In 1948, he sold out his interest in the agency. He explains:

"I just decided there were more important things in life than worrying over whether Loretta Young should wear a bustle in a picture, or whether Frank Capra would make another picture, or if Clark Gable's mustache should be trimmed 1/8 of an inch."

What to do? He remembered his early years as a boy in New York. His family used to live near the Metropolitan Museum, and his nurse often took him there. He was fascinated with the displays of archaeological findings.

**Back From Mexico**

So he began organizing adventures into archaeology. Every January, he and his lovely Leila set out by tramp steamer to Mexico, Greece, Mesopotamia, Egypt, or wherever the digging seems promising. They take with them a fabulous land yacht, a specially designed bus with beds for six, three showers, galley, and lounge.

They meet at the digging site with a band of archaeologists from a university or museum. Berg contributes a major share of what the expedition costs. The finds go largely to the scholars and the countries of origin.

The Bergs have just returned from a trip with UCLA scholars to Mexico, where they unearthed hundreds of Indian pots from the 8th Century A.D. The Bergs live in a gorgeous hilltop home in Bel-Air, surrounded by many of their findings.

In 1910, Layminster won the Preakness under the feather impost of 84 pounds. Now all Preakness entrants carry 126 pounds, same as in the Kentucky Derby.

## WILL UNVEIL CUSTOM-MADE TV NEXT FALL

By CYNTHIA LOWRY  
AP Newsfeature Writer

NEW YORK (AP) — Custom-tailored television, with the entertainment designed to enhance subtly and blend with the sponsor's products, is scheduled to flash upon the nation's screens this fall.

A major cosmetics company, which for years has spent money lavishly to buy shows of top popularity, has now gone into the business of making its own TV shows in much the same manner in which it now turns out its lipsticks, nail polishes and gentlemen's grooming aids.

This is really something new in TV, because until the company (Revlon) started organizing its entertainment-making division, the usual procedure was for manufacturers to shop the networks and the show-packaging firms for a show they liked. Then they'd buy it and slip in the commercials.

**Unveiling In October**

A short time back, however, President Charles Revlon set up a TV and Radio Division, hired top-TV writer Goodman Ace and his entire organization away from the Perry Como Show, and installed Mort Green—a key writer on the Como show—as division director.

In October, the product will be first unveiled with a 90-minute variety show on CBS where for the rest of the season it will alternate weekly with Play-

house 90. In addition to expensively staffing its division, the cosmetics company has already invested some 3 1/2 million dollars in CBS TV time. When talent and production costs are added to this, the total tab for the season's operation could easily run twice or even three times this amount.

This marks the first time a sponsor has concerned himself with the raw materials of which entertainment is made. Major sums of money, in a radical departure from TV practice, is being invested in writers. Although TV does a lot of talking about creativity, in practice the emphasis has been on star names on following trends—imitating successful quiz shows, piling one western on top of another, massive production of "family comedies."

**CRIME PAYS**

NOGALES, Ariz. (AP) — Mrs. O. C. Duchaine surprised a thief as he attempted to slip from her Nogales home with a purse. She grabbed the purse from the man, gave him a dollar and told him to get out. He left.

Fungicides—(1) Ferbam, two pounds dilute or six pound concentrate; (2) Glyodin, one quart dilute of three quarts concentrate; (3) Captan 50 per cent WP, two pounds dilute or six pounds concentrate.

A mist spray is suggested to thoroughly cover leaves and young fruit.

This precaution was given by Zettie: "When using parathion, following precautions on the streams, ponds or water supplies with spray materials."

All spray letters are prepared with the aid of J. O. Pepper and C. F. Taylor, of Pennsylvania State University.

## SOUR CHERRY SPRAY LETTER DISTRIBUTED

"This is a crucial period for the leaf spot fungus which will be infecting unprotected leaves during wet weather," County Agent Frank Zettie said recently in the third sour cherry spray information letter sent to fruit growers. "Insects present are curculio, red-banded leaf roller, and mites," he said.

Zettie recommends applying spray 10 days after start of the last (petal fall) application and to complete as soon as possible. The following formulas are given. In each 100 gallons of spray use insecticide "A" plus either one of three fungicides.

## Frost Says Americans Are Too Fearful Of Science

CARLISLE, Pa. (AP)—Poet Robert Frost says Americans are too fearful of scientific discovery and that man in his anxiety to reach the moon should never forget his limitations.

These were but a few of the frank expressions made by the 85-year-old Pulitzer Prize winner during a visit to Dickinson College where he received the school's first annual arts award Friday night.

"We are human and when we get to Mars or Venus, or wherever it is we are going, we'll still be earthlings and we had better take our lunch with us," Frost said.

### "Our Bugaboo"

He added that science is "our bugaboo" only when its implications become frightening, Frost declared.

"It is silly to regard science as a Frankenstein that will turn upon man, its creator. There is no danger in science itself. The danger is that we will permit ourselves to be frightened by its possibilities."

Frost spoke for nearly an hour, reading from his works and digressing on the impact of scientific discovery, after receiving the college's award of a medallion and \$1,000 from Dr. William W. Edel, Dickinson president.

### Typical Reporter

Earlier, he engaged in some typically frost repartee with 30 literature students during an informal interview on the Dickinson Campus.

"To what do you attribute your longevity?" asked one.

"Drink—and leaving it alone," came the reply.

What about Russian poet Boris Pasternak, whose best-selling novel of life in Russia, "Dr. Zhivago," was awarded the Nobel Prize for literature?

"He is a brave man. Pasternak wants to be a Russian and we're going to get him killed if we keep trying to use him against Russia," said Frost.

### Ambition, Private Thing

A student suggested that Frost should have been given the Nobel Prize a long time ago for his lit-

erary works.

"Ambition is a private thing," Frost admonished. "I need nothing I haven't got, except perhaps a seat in the Senate."

In jest, President Edel suggested that Sen. Wayne Morse (D-Ore) might oblige.

"Yes, but it would take a horse to kick him out of there," the white-haired poet replied with a smile.

He added this comment on Morse's recent dispute with Mrs. Clare Booth Luce over a Brazilian ambassadorship:

"I can't understand how someone can talk so long and hard about hating something. Inspiration must sustain him. I don't think he goes in for cleverness, but delivers haymakers."

## MILITARY MEN DECLARE FUNDS "INADEQUATE"

WASHINGTON (AP)—Several military leaders, in secret testimony made public Saturday, complain that their missile development programs are not getting enough money in the administration's proposed defense budget.

None of them dissented formally from President Eisenhower's budget recommendations, defended by the administration as an adequate mixture of deterrence and defense.

But high officers of each of the services voiced their missile worries to the House Appropriations subcommittee that holds the purse strings on defense spending. The testimony given in March and April was published today, though shredded by the censors' shears.

### Cite Three Programs

The officers said there was not enough money budgeted for:

1. The Nike-Zeus program, the Army's hope for destroying enemy intercontinental ballistic missiles.
2. The Air Force's program of

## U.S.A. HAVING RENAISSANCE IN ART, MUSIC

By DOROTHY ROE

AP Women's Editor

Here in the good old U.S.A. we are having our own modern-day renaissance of art, music and literature.

Museum curators, musicians, professors and art and music enthusiasts have been saying so. But the latest voice to be heard on the subject is that of all-American prima done Phyllis Curtin, who has been singing American opera all over the country for the last five years.

Phyllis is slender, brunette, smart and photogenic. She also is the wife of photographer Eugene Clark. They have an 18-year-old son, Peter. Phyllis does more traveling than a traveling salesman, covering practically every state in the Union most of the year giving concerts and singing in operas. Says she:

### Likes American Operas

"I love to sing American operas—it's so wonderful to have the audience know what you're saying. Recently when I sang an American opera at the Will Rogers Auditorium in Fort Worth, Texas, the waitresses and elevator boys at the hotel all went, and told me—it's great—we can understand it."

All over the country, says Phyllis, she sees evidence of a great new interest in music, drama and art—in little theaters, municipal operas, workshops in music and art, crafts clubs, painting and sculpture classes which are springing up in big and little towns alike.

### Born In Clarksburg

Phyllis was born in Clarksburg, W. Va., and studied violin as a child. Her dad sang in the church choir, but otherwise there was no great musical talent in the family. She attended Wellesley College, where she majored in political science, starting voice lessons in her junior year. She found it was fun to sing—more fun than political science, so she decided to go at it in earnest. She started giving concerts at Town Hall in New York, and made her operatic debut at the City Center in New York in 1954, singing an opera "The Trial," written by an Austrian composer.

This spring she sang the new American opera "Wuthering Heights" by Carlisle Floyd, at the City Center. Says she:

"I'm having a wonderful time, enjoying every minute of it, even though sometimes I do feel like my home was a train or plane. There's one thing I'd like to say to girls with operatic ambitions—you can get the opportunities you want right here in your own country—singers don't have to train in Europe any more."

## TO SCRUTINIZE M'ELROY AIDE

WASHINGTON (AP)—President Eisenhower's choice of a successor for Deputy Secretary of Defense Donald A. Quarles will be closely scrutinized by Democrats in Congress.

Quarles, 64, died unexpectedly Friday in his sleep.

The former communications industry official had been mentioned prominently as a possible replacement for Secretary of Defense Neil McElroy, who had told Eisenhower he wanted to leave his Pentagon post late this year.

Some of the congressional Democrats had looked on Quarles as one of the administration officials who had resisted their demands for more spending to close the missile gap with the Soviets.

It had been the impression of these Democrats that McElroy leaned heavily on the advice of Quarles, who technically was more familiar with details of the defense program than almost any other official.

McElroy told reporters Friday Quarles' death "will have to be another factor in considering what I will do." He said it will be a good many months before the time for his intended resignation and he will have an opportunity to consider the matter.

### HAPPY LANDING

EVANSVILLE, Ind. (AP)—Allen Van Behren hopes the thief who stole a parachute from Van Behren's factory doesn't intend to use it. The chute already had been used in 150 jumps, the owner said, and would probably fly to pieces if used once more.

building more U.S. intercontinental missiles.

## Lighten Censure Of Judge Taxis

PHILADELPHIA (AP)—The State Supreme Court has lightened its censure of Judge Alfred L. Taxis Jr. of the Montgomery County Orphans Court and will permit him to reside in a suit over a \$51,000 will.

The high court last April 20 declared Judge Taxis was guilty of "abuse of discretion" and removed him as presiding judge in a suit contesting the will of Erminio Masciantonio, an Italian immigrant, who died July 21, 1955.

Under the will, Masciantonio's wife, the former Rose Di Lullo, of Civitella, Italy, was left without a cent.

She came here after his death and filed suit charging the will was made through fraud and undue influence and that Masciantonio lacked testamentary capacity. The will left his money and property to a church and various relatives in this country.

## FREE MAN IN BEACH MURDER

CHICAGO (AP)—A jury which deliberated nearly eight hours Friday acquitted 25-year-old Barry Cook of murdering a sunbathing spinster three years ago in a North Side lakefront park.

Although the acquittal cleared Cook of the spyglass murder of Miss Margaret Gallagher, a 50-year-old beauty operator, he is not a free man. He will be returned to prison Monday to serve the remainder of a 1 to 14-year sentence for admitted assaults and robberies of women.

The state had sought the death penalty. It based its case largely upon alleged admissions by Cook to police and a lie detector expert. His lawyer contended that Cook was brainwashed into making the statements.

The bludgeon slaying of Miss Gallagher was witnessed by an apartment dweller scanning Lake Michigan through opera glasses July 22, 1956. However, he was too far away to prevent the slaying or identify the assailant.

OVERSTOWEY, England (AP)—Old Gerry Wyatt's one-man strike looks like it will get results at last.

Gerry, 69, is official gravedigger for this Somerset parish with 539 population. He downed his spade a year ago when the parish council trimmed his fee from 4 pounds (\$11.20) to 3 pounds 7 shillings 6 pence (\$9.45) a grave.

The result was deadlock—because nobody died.

Now, however, a woman who used to live in the village is dead and her last wish was to be buried here.

The funeral is set for Monday. "It's put us in a bit of a fix," said a member of the council.

Said Gerry: "I still want my 4 pounds and not a penny less."

## Abbottstown WILL ASK BIDS FOR CHANGES AT FIRE HALL

Bids for alterations to the Abbottstown Fire Co. building will be sought June 1, the building committee of the company announced at a meeting of the company in the fire house last week. Work on extensive remodeling plans is expected to get under way about July 1, the committee said.

G. M. Wildasin, chairman of the annual carnival committee, said that an effort is being made to have more kiddies' rides and amusements at the carnival which will be held July 17-18 this year. Meals during the carnival will be served by the Fire Co. Auxiliary.

Fire Chief Donald Hafer reported that the borough council approved the purchase of the necessary radio monitor equipment so that the Abbottstown Fire Co. can join the Adams County "quick-call" radio alarm system. In this system, it is possible to sound any siren in the county from a central control station. Matching Civil Defense funds will be available for a share of the cost.

### Want Walkie-Talkies

Chief Hafer also suggested that two walkie-talkie portable two-way radios be purchased, also with the help of CD matching funds, to be used during fires and other emergencies. The company agreed that these should be bought.

Hafer reported no fires within the past month.

Gerald Hoffheins, assistant fire chief, reported that he and the truck drivers plan to conduct a school on the handling of pumps and other equipment for the benefit of the newer members of the company. Classes will be the second and fourth Wednesdays each month and will be announced.

by the usual test blast of the fire siren.

The nominating committee reported, naming these candidates for officers: President, Rodger Wildasin and Bernard Anthony; vice president, Isaiah Hoke and Adrian Miller; second vice president, A. D. Leib and Wilmer Rodgers; recording secretary, J. Faber Wildasin; membership secretary, Robert Page and Gerald Hoffheins; financial secretary, G. M. Wildasin, and treasurer, Harry Crawford. Ballots will be prepared and sent each member.

It was noted that dues statements will also be sent and that any member delinquent at the time of the July meeting will be liable to suspension.

LONDON (AP)—A marshal of Soviet Union, Ivan Koniev, has warned the United States that its "day of invulnerability" is over. The warning came in an article contributed by Koniev to Red Army newspaper Red Star in connection with the 14th anniversary of Germany's defeat in World War II.

## Humphrey Offers New Peace Plan

WASHINGTON (AP)—Sen. Hubert Humphrey (D-Minn.) proposed Saturday that the United States immediately launch a "grand design for peace—a seven-year plan of our own."

One goal would be technical and economic aid to free peoples to cost at least 14 billion dollars, or 2 billions a year for 7 years. The need may last for decades, Humphrey said.

Other goals, he said, would be winning a just and durable peace and realization of dignity, well-being, and equality of rights for every American.

Humphrey, in a keynote speech prepared for the 12th annual convention of the Americans for Democratic Action, said the Soviets had put this country on notice with a seven-year plan in communism's competition with capitalism.

## Winning DAR Essay Says Declaration Is Challenge

The first prize winning essay in the annual contest conducted by the Gettysburg Chapter of the Daughters of the American Revolution was written by Miss Louise Collins, Gettysburg High School senior and daughter of Mr. and Mrs. J. B. Collins, E. Broadway. The subject was "The Principles of the Declaration of Independence."

The winning essay follows in full:

"We hold these truths to be self-evident; that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness." Most Americans are so familiar with these words that they do not realize how radical they still are. This document, the Declaration of Independence, largely written by Thomas Jefferson, is the finest statement of democratic principles in history and stands today as the basis of the free government of the United States.

In 1776 when the Declaration of Independence was written, no one was surprised that America had formally declared her independence from the mother country, Great Britain. At first the colonies did not wish separation from England, but after continued suffering under English tyranny, the people began crying for liberty and independence. When Thomas Paine's pamphlet "Common Sense" was published, it kindled an unquenchable revolutionary fire. Radical measures, war and independence were in the air.

### Committee Chosen

On June 7, 1776, Richard Henry Lee proposed to the Continental Congress, "that these United Colonies are, and of a right ought to be, free and independent states." This motion, although bitterly attacked by conservatives, was passed after an acrimonious debate. A committee of five—

## FUGITIVE WAS JUST LONESOME

FARMINGTON, Mo. (AP)—"I was just lonesome for mom." That was the way red-haired Billy Glenn Newhouse—accused of murder kidnapping and assault—explained his escape from the ancient St. Francois County jail on Mother's Day.

Newhouse came back to jail of his own accord, flanked by his mother and two aunts, about nine hours after the escape was discovered. Three men who fled with him are at large.

Newhouse, 22, is to go on trial Thursday on a charge of murdering his uncle a year ago. He walked into the office of Sheriff Clay H. Mullins Sunday and said: "I realized I made a mistake and wanted to come back."

One of the two aunts with him was Evelyn Greco, 42, of St. Louis, who persuaded him to surrender to a posse in a wooded area last year.

His mother, Virginia Newhouse, 40, and Miss Iva Gibson, 44, of St. Louis, also were with him. Mrs. Greco said Newhouse telephoned her from a service station in St. Louis and told her he wanted to go back.

She said: "He said he wanted to see his mom for Mother's Day and he knew he had done wrong." Newhouse is accused of the fatal shooting last May 15 of James L. Huskey, 58, because Huskey wouldn't lend him his car.

## Waynesboro Man Is Killed On Highway

WAYNESBORO, Pa. (AP)—Ray L. Fraley, 34, of Waynesboro, was killed by an auto Sunday on state Route 16, four miles east of Waynesboro.

State police identified the driver of the auto as Harold R. Hull, 27, of Blue Ridge Summit. Officers quoted Hull as saying Fraley was standing in the center of the highway, apparently trying to flag a ride.

Hull's auto crashed against a guard rail. He was treated for shock at Waynesboro Hospital and released.

HOLLYWOOD (AP)—A member of the Four Preps quartet sang at his own wedding. The selection was "Our Wedding Prayer."

Bruce Belland, 22, married Brenda Hill, 21, Saturday. The other members of the quartet, Ed Cobb, Glen Larson and Don Clarke, were ushers.

The group's recordings include "Big Man" and "26 Miles."

During the twentieth century we have fought in two major wars and the Korean conflict in order to maintain a free world. We have spent billions to support free people who are resisting subjugation by armed minorities or outside pressure. We are constantly opposing factions whose principles are the exact opposite of ours. It is their principles of slavery and oppression which the free world must oppose. President Eisenhower has pledged the United States to follow a firm course against their challenges anywhere in the world.

Many years ago, Lincoln described the Declaration as "an abstract truth, applicable to all men and all times," a document which would forever "be a re-

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The Post-Gazette story, written by Frank Matthews under a Washington dateline, said:  
"In Pennsylvania the fight is not only over who shall be the dominant union in the merger, but over differences in expenditures on salaries and fees, as well as philosophy."

The merger was scheduled to take place at a joint convention in Philadelphia July 14 and 15. Earlier, the two units planned to merge at a joint convention last November but that meeting was canceled.

### ANNUAL MAY PROCESSION HELD SUNDAY

The annual May Procession was held Sunday evening in St. Aloysius Catholic Church, when the church was filled to capacity for the service. Prior to the opening of the service in the church, the procession moved from the school around the church grounds to the church, with Michael Sneeringer as cross bearer; James Long and Laurence Altoft, acolytes; the members of the 1959 First Communion Class; the boys and girls of the school; those taking special part in the crowning ceremony; the altar boys, including twelve boys who appeared in cassocks and surplices for the first time and who will now begin to serve on the altar, and the pastor, the Rev. Joan Long, daughter of Mr. and Mrs. Stewart N. Long, and a member of the First Communion Class, crowned the Blessed Mother. Judy Mehring carried the crown on a pillow and Mary Thomas was the other attendant. They were led to the altar by Edward Klunk and Stephen Sanders, wearing white, with light blue capes.
